IN THE WORDS OF MCLAREN THEMSELVES

“It is the fastest track-focused road hypercar we have ever built, and it will set the fastest lap times of any McLaren to date. That is what has driven us to build a track car that is unashamedly without compromise. One that is legalised for road use, but not sanitised to suit it. Nothing else matters but to deliver the most intense driving experience around a circuit.

Inspired by one of McLaren’s greatest racing drivers, the McLaren Senna is utterly dedicated to allowing the driver to be the best they can possibly be.”

Only 500 units were made, each hand built at the McLaren Production Centre in Surrey.

The unique design of the vehicle creates the aerodynamics required to produce the unprecedented downforce. The incredible light weight and unsurpassed power create the awesome 659bhp.

SPECIFICATION

800PS and 800Nm from a 4.0-litre twin-turbocharged V8.

800kg of downforce.

Dry weight of under 1200kg

Power-to-weight ratio of 668PS-per-tonne (659bhp)

0-124mph (0-200km/h) in 6.8 seconds and a top speed of 208mph (335km/h)

Next-generation carbon ceramic brakes that utilise racing technology

THE MCLAREN SENNA IS AN INCREDIBLY SPECIAL VEHICLE THAT RARELY BECOMES AVAILABLE TO PURCHASE
